Veterinary Clinic Area Descriptions

The **Lobby/Reception Area/Scheduling Area** is bright and welcoming and is the “first impression” of the professional and caring environment.

The **Cat and Dog Waiting Area** will give our animal friends a designated area to await their care.

Our **Pre-Op Dental Care and Prep Area** will afford our animal friends space for proper dental care that will detect and prevent chronic diseases. The prep area is used to prepare animals for surgery.

Surgery Suites will provide only the best in surgical and life support equipment and will provide the best and safest care for our animal family members.

A **Specialty Exam Room** will accommodate special treatment needs during your pets' visit.

Exam Rooms are designed to reduce animal stress and ensure the best care possible.

The **X-ray Room** will feature state-of-the-art X-ray and ultrasound equipment.

Dog and Cat Recovery Areas are designed to protect recovering animals from the busy activity of the Clinic while keeping them close in case they need care.

The **Surgery Prep Room** provides a sterile environment to prepare instrument packs for surgical cases.

Our **Pharmacy & Laboratory** will allow staff to dispense medications and diagnose the health status of our four-legged patients via laboratory testing onsite, ensuring accurate and timely diagnostic reports and care.

Kennels (Dog and Cat) in Holding and Surgery Recovery Areas will minimize animal stress and will provide a warm and secure environment pre and post surgery. These kennels are designed to provide protection from the busy activity of the clinic and give pets the space, peace and rest they need.

Dog /Cat Overnight Hospital Areas provide animals a safe environment to rest and recuperate for animals requiring short term hospitalization.

Laundry & Sanitation Facilities will provide a constant supply of clean linens, towels and surgical wraps.

Veterinarian, Director and Veterinary Tech Offices will provide required, designated working areas for staff.

The **Staff Lounge** will provide a comfortable place for dedicated and hardworking staff to “re-charge their batteries”.

Women's and Men's Locker Rooms give staff a place to keep their belongings and change their clothing.

Planters will create a “green” peaceful atmosphere at the Center.
